Sherman Oaks, CA 91403

Dear Ned:

Thank you for recommending Corey Kling and Kling Family Construction to help me with the problems caused by the tree that fell and damaged my house in April of this year. What a godsend he was.

Corey immediately sensed the problems and how to solve them. He spent over two months tirelessly working with State Farm's claim representatives

He found excellent people to replace and paint the window that was damaged. Then he brought in a roofing company that was experienced and conscientious in finding the correct materials and completing the job in an excellent and timely manner.

Throughout this lengthy process Corey was extremely professional and a gentleman at every turn.

If you have clients who need a contractor, please have them contact me about Corey. I can't praise him enough.

Sincerely,

A. Ross McCanse
